TO: Chancellors and Twin Cities Deans

FROM: Rebecca Ropers, Vice Provost for Faculty and Academic Affairs

SUBJECT: 2021-2022 Schedule and Guidelines for Submission of Tenure, Promotion and Termination Recommendations: Tenure-Track and Tenured Faculty—Twin Cities, Crookston, Morris, Rochester

This memo and its appendices include guidelines and deadlines for submission of materials by colleges/campuses for promotion and/or tenure reviews for tenured and tenure-track faculty. Colleges establish their own review processes and guidelines for term faculty (non-tenure track contract faculty/clinical faculty) and those files need not be forwarded to the executive vice president and provost for further review.

Guidelines and Processes for Promotion and/or Tenure Decisions

Effect of Pandemic on Promotion and Tenure Review Process

On April 1, 2020, the probationary period for all tenure-track faculty was extended by one year. Additional extensions are possible for those who have experienced continued and significant effects of the pandemic on their scholarly productivity.

External reviewers should be informed about how to consider extensions of the tenure clock in their evaluations. Please see these instructions for providing guidance to external reviewers.

All faculty must be invited, but not required, to submit impact statements as part of their review process. Please review the guidance on developing and using impact statements as you enact this new aspect of the review process.

Disseminating the correct 7.12 statement to the unit voting faculty and the collegiate/campus P&T committee

In departments with newly approved 7.12 statements, assistant and associate professors will have been given a choice of using the new or old version of the unit 7.12 statement as the set of criteria for review. Be sure to include in the dossier the correct 7.12 statement that was chosen by
the candidate. If you have questions concerning the correct 7.12 statement, please contact Ole Gram (gram@umn.edu).

Additionally, provide the candidate, voting faculty, and collegiate/campus P & T committee copies of the tenure regulations. The Board of Regents Policy on Faculty Tenure and the Procedures for Reviewing Candidates for Tenure and/or Promotion: Tenure-Track and Tenured Faculty are available at: http://policy.umn.edu/hr/tenure

**Dissemination of Reviews and Reports to the Candidate and the Voting Faculty**

Candidates may view their dossier at any time during the review process, including reading external reviews as they are added to the file. Please recall that the report of the department discussion of each candidate for tenure and/or promotion, whether it is written by the chair or head or another designated tenured faculty member, must be distributed to the eligible voting faculty for their review before it is forwarded to the dean or chancellor (see section 7.4 (e) of the Faculty Tenure Policy).

**Voting**

Attendance and participation at tenure and promotion meetings are essential obligations of the members of the tenured faculty. If the University community is working remotely at the time of tenure and promotion meetings, those meetings should be held via video or telephone conference. Proxy votes, telephone votes, fax votes, and email votes are not permitted. Units are strongly encouraged to use the University’s confidential electronic voting system, vote.umn.edu. Contact Jaclyn Adair (berg1282@umn.edu) for access and more information.

**Handling Additions to the Dossier by the Candidate or Others**

Faculty undergoing review for tenure and/or promotion may add relevant materials to their dossier prior to the decision made by the executive vice president and provost, including after the departmental/unit vote, the recommendation of the chair/head, the recommendation of the collegiate/campus meeting, and the recommendation of the dean/chancellor (see: Procedures for Reviewing Candidates for Tenure and/or Promotion: Tenure-Track or Tenured Faculty)

Once the candidate has received copies of reviews and/or recommendations, she or he may comment in writing to those who will review the matter further (Section 7.61). Units and colleges/campuses must provide adequate time (no fewer than five working days from the date that they receive a copy of the review) for candidates to respond, particularly to a negative or split vote of the faculty of a unit or college/campus or negative recommendations from chairs,
heads, and deans. There should be adequate time for the next level of review to consider the candidate’s response.

In keeping with the guiding principle of the Faculty Tenure policy, there must be a good-faith effort to gather all relevant information necessary to make the tenure and/or promotion decision; relevant information must not be excluded from the file. Material added to the dossier at the unit or collegiate level (e.g. candidate’s responses to comments from external reviewers or unit reports, letters from faculty, etc.) after submission to the provost, will be placed in the supplementary material section with the date it was added.

**Communication of Promotion and/or Tenure Decisions**

After the final collegiate/campus recommendation regarding promotion and/or tenure (P & T) has been made, please follow these steps for submitting your materials:

1. A folder will be created for each college or campus in Google Drive that will be shared with the P & T coordinators. The coordinator will receive a link to the folder from Jaclyn Adair where they should upload the complete candidate dossiers by their unit’s submission deadline (see Appendix C).

2. Material submitted after the collegiate/campus submission deadline should be dated and emailed directly to Jaclyn Adair no later than March 22, 2022. Please contact Jaclyn Adair should the need arise for adding relevant material past this deadline.

**Recommendation for Termination of Appointment**

**Termination in Mandatory Decision Year**
Recommendations for termination of tenure-track faculty in their mandatory decision year must follow the same process as those for tenure and promotion. That is, after a faculty vote in the unit, the dossier must be forwarded for second-level college/campus review followed by a review and recommendation by the executive vice president and provost.

**Early Termination prior to Mandatory Decision Year**
Please note that recommendations for termination of probationary faculty appointments prior to the mandatory decision year also require second-level and provostal review. Early termination recommendations from colleges/campuses must be received by April 1, 2022. Please consult section II.F. of the Procedures for Reviewing Candidates for Tenure and/or Promotion: Tenure-Track and Tenured Faculty for information about the procedures related to early terminations.
**Contracts for candidates who have not obtained citizenship or permanent residency in the U.S.**

Faculty members holding a non-immigrant visa status must have obtained citizenship or permanent residency before tenure can be conferred by the Board of Regents. The University has developed a special contract and release that allows the conferral of tenure to faculty holding a non-immigrant visa status. The contract protects a faculty member’s tenured status while holding a non-immigrant work visa and it commits the University to maintaining a tenured faculty member as an employee on an unpaid leave of absence for up to one year should anything adverse effect the candidate’s visa status.

If any of the candidates recommended for tenure in your college anticipate a delay in the processing of their permanent resident visa, they should be encouraged to complete this contract. Please contact Ole Gram for information.

**Recommendation to the Board of Regents**

The executive vice president and provost makes final recommendations on faculty tenure, promotion, or non-reappointment for all units on the Twin Cities Campus and for the Crookston, Morris, and Rochester campuses. The provost will present the recommendations for tenure and/or promotion, including those for the Duluth campus, to the Board of Regents at its meeting in May, 2022. This presentation includes individuals who are contract faculty as well as academic professionals with continuous appointments.

The primary contact person for all P & T transmissions to the Provost’s Office is Jaclyn Adair (berg1282@umn.edu). Policy and procedural questions may be directed to Ole Gram (gram@umn.edu).
